Una vida juntos

Una vida juntos

A life together

En Plastic Forte seguimos creciendo a nivel global pero manteniendo nuestro carácter local. Nos gusta cuidar de los nuestros, crear relaciones basadas en la confianza y en la experiencia y por ello dedicamos una gran cantidad de recursos para que nuestros empleados, clientes, proveedores y consumidores nos sientan cerca.

Esta es precisamente la razón de ser de nuestro eslogan: **Una vida juntos**. Para lograr nuestros objetivos, contamos con recursos propios, un gran equipo de personas dedicadas a nuestros clientes y productos y la experiencia de más de 30 años en el sector. Toda una vida de crecimiento y sabiduría que nos hace únicos y diferentes. Somos conscientes de la importancia de cuidar nuestro entorno, por esto trabajamos con energías renovables, materiales reciclados y un proceso de fabricación sin residuos. Además nuestros productos son reutilizables, reciclables y duraderos consolidando así nuestro compromiso de pasar una vida juntos.

At Plastic Forte, we continue growing worldwide while keeping our local character. We enjoy taking care of our people and creating relationships based on trust and on experience, which is why we dedicate a large number of resources so our employees, customers, suppliers and consumers can feel us close.

This is precisely the fundamental purpose of our slogan: **a life together**. In order to achieve our goals, we have our own resources, a large team of people dedicated to our customers and products, and the experience of more than 30 years in the industry. A whole life of growth and wisdom that makes us unique and different. We are aware of the importance of taking care of the environment, for this reason we are working with renewable energy, recyclable materials, and a manufacturing process with zero waste. In addition, our products are reusable, recyclable, and durable, reinforcing this way our commitment of spending a life together.

Productos para el hogar

Products for home

Somos una empresa familiar dedicada a la fabricación y distribución de artículos de plástico para el hogar. Contamos con instalaciones, maquinaria y moldes propios, y es nuestra propia red comercial la que se encarga de distribuir nuestros productos por todo el mundo.

Plastic Forte is a family business, based in Alicante is one of the leading manufacturers of plastic household products Made in Spain. Our facilities use the state-of-art technology, based on quality controls and monitoring the whole production process.

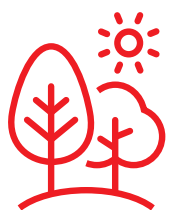

Somos fabricantes

We are manufacturers

Todo el proceso se realiza en España bajo estrictos controles de calidad. Utilizamos maquinaria de última generación adaptada a las normativas europeas. Al trabajar con moldes propios, ofrecemos diseños exclusivos fabricados con las mejores materias primas. Realizamos controles de calidad en laboratorios independientes para garantizar la seguridad y durabilidad de nuestros productos.

The entire process is carried out in Spain under strict quality controls. We use state-of-the-art machinery complies with the currently applicable European regulations. By working with our own moulds we can provide exclusive designs made with high quality raw materials. We conduct quality controls in independent laboratories to ensure the safety and durability of our products.

Somos sostenibles

We are sustainable

Apostamos por maquinaria eléctrica para reducir consumo y esto se traduce en un menor impacto, mayor productividad y mejora de la calidad y el servicio. Conocemos de primera mano las normativas europeas, por esto contamos con instalaciones y maquinaria específicas para la fabricación de artículos para la alimentación. Disponemos de nuevos equipos híbridos para incrementar en un 60% el ahorro energético en el proceso de inyección de materias plásticas.

We are committed to the use of electric machinery to reduce consumption, which translates into a lower environmental impact, higher productivity and enhancement of quality and service. We are totally familiar with the European standards which is why we have specific facilities and machinery for the manufacture of food-handling articles. We are equipped new hybrid units that provide 60% more energy savings in the plastic injection process.

Somos creativos

We are creative

Nuestra apuesta por el diseño nos ha llevado a asegurar la originalidad de nuestros productos con su registro a nivel comunitario. Con esta medida protegemos las compras de nuestros clientes, evitamos copias y falsificaciones y somos capaces de ofrecer diseños propios y únicos.

Our commitment to design has led us to protect the originality of our products by registering them at the Community level.

By doing so, we protect your purchases, avoid copies and counterfeits, and ensure that we are offering our own unique designs.

Posicionamiento Global

Global Positioning

El plan de internacionalización que llevamos a cabo desde el año 2016 nos ha permitido mejorar nuestro posicionamiento en los mercados exteriores. Este plan nos ha abierto las puertas a nuevos mercados y nos ha ayudado a expandir la marca Plastic Forte alrededor de todo el mundo. Hoy en día tenemos relaciones comerciales con más de 40 países diferentes, exportamos todo tipo de artículos y tenemos presencia en algunas de las ferias internacionales más importantes del sector.

The corporate internationalisation plan carried out in 2016 has enabled us to improve our position on the international markets. This plan was co-financed by the European Union Regional Development Fund (ERDF) and the 2014-2020 Valencian Institute of Business Competitiveness (IVACE) programme.

¿Sabías que...? Did you Know...?

Nuestros capazos se fabrican con un **98% de material reciclado y un 2% de colorante.** Una parte de la materia prima se obtiene de los restos generados durante la fabricación de otros productos.

Our baskets are made of **98% recycled material and 2% dye.** Part of the raw material is post-consumer recycled material, and the other part is obtained from leftovers generated during the manufacture of other products.

- Este proceso evita la generación de desperdicio.
- Trituramos los restos en nuestras propias instalaciones, por lo que reducimos inversión en transporte.
- This process produces no waste.
- We shred waste in our facilities, thus reducing transportation costs.
